

# Christmas Turkey

Ensure you have the best Turkey on your menu this Christmas

## About Grove Smith

Grove Smith Turkeys was founded over 30 years ago and is a family run business based in Braintree in Essex. It has a reputation for high quality product backed up by excellent service & reliability.

Grove Smith differs from many commercial turkey producers as the farm produces it's own high quality cereals which feed the birds. This allows full plough to plate control over production and ensures total traceability and high quality.

When the birds reach full maturity they are processed on the farm in a purpose built EEC approved facility.

## The Turkey

Grove Smith can offer three different types of turkey:

### Traditional Bird

- Stag Bird
- Traditionally Reared in open sided barns
- Fresh straw daily
- Fed on feed grown on the farm

### Bronze Bird

- Hen Bird
- More like game to rear
- Traditionally reared in open sided barns
- Fresh straw daily
- Fed on Feed grown on the farm

### Free Range Bird

- Reared off the farm by F Wreathall
- Reared by a farmer with over 50 years experience
- Birds reared outdoors
- Allowed to roam and feed
